STUDENT INFORMATION

ADMISSION CRITERIA
Applicants are admitted on the basis of having a high school diploma or GED or on the basis of being beyond the age of compulsory high school attendance and having the ability to benefit. Students that do not have a GED may enroll and be allowed to complete the GED certificate. Students not having a GED will be counseled and will receive assistance in locating a GED class.

Adults may enroll in any class where space is available on a first-come, first-served basis, with priority given to in-district high school students. Enrollment becomes official when the adult student fills out the necessary forms, takes the necessary career assessment, makes an appointment with the financial aid personnel, and is contacted by the counselor or central office secretary that he/she is accepted into the class.

APPLICATION PROCESS
The application process for Federal Title IV aid programs is as follows:

Students must complete a “Free Application for Federal Student Aid” form. Application forms are free and may be obtained from the Financial Aid Administrator or online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Application forms can also be obtained by calling the Federal Student
ELIGIBILITY: TITLE IV PROGRAMS OF ASSISTANCE
The following federally funded Title IV programs of financial assistance are available at Green Country Technology Center.

Need Based Aid
Pell Grant

Non-need Based Aid
Green Country Tech does not participate in any guaranteed student loan program. In general a student is eligible to participate if the student:

• Is a regular student (this means enrolled in an eligible program for the purpose of obtaining a certificate)
• Is enrolled or accepted for enrollment as post-secondary student who has a high school diploma or GED.
• Is a U.S. citizen or national, or
  Is a permanent resident of the U.S., or
  Provides evidence from the Immigration and Naturalization Service that he/she is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident, or
• Is a permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands
• Has financial need
• Is maintaining satisfactory progress in the course of study he/she is pursuing according to the standards of this technology center, and is maintaining the attendance standards
• Does not owe a refund on a Title IV HEA Grant (Pell Grant, Supplemental Grant or Student State Incentive Grant) received to meet the cost of attending any school and is not in default on any Title IV, HEA loan (Perkins (NDSL), Stafford Loan (GLS), SLS, PLUS, FISL) received for attendance at any school as evidenced by signed statement, NSLDS, and financial aid transcripts.
• Is registered for selective service or exempt from registration as evidenced by a signature on the Free Application for Federal Student Aid (FAFSA).
• Agrees to use any federal aid received solely for educational purposes evidenced by a signed statement of educational purpose found on the Free Application for Federal Student Aid.

Drug conviction - in certain cases, students convicted of drug-related offenses may not be eligible to receive federal financial aid for a period of time. These are general

eligibility requirements. Eligibility requirements specific to majors are discussed in the description of that major.

CRITERIA FOR SELECTION AND AWARDS
All records and other materials used in completing the FAFSA application should be saved. This information may be needed later to prove the information submitted is correct. This process is called verification. After submitting the FAFSA, the student will receive a Student Aid Report (SAR) stating eligibility. These reports include a summary of application information and the determination of an eligibility index. This index is the result of computations involving the financial and non-financial data submitted on the application. The method for computing eligibility applies to all dependent and independent students uniformly.

Verification and Updating
A student may be selected to verify application data by either the U.S. Department of Education or by the school. If a student is selected for verification, he/she will be informed in writing of the documentation requirements. The student will be given 30 days to respond. Students who fail to complete verification by June 30 of the current award year will not receive financial aid.

Green Country Tech verifies all applications selected for verification (as indicated by comment on the SAR), by the U.S. Department of Education. Green Country Tech selects students for verification only when there is a conflict or question indicated by the Central processor. Green Country Tech follows the guideline set forth in the Verification Guide published by the U.S. Department of Education in verifying all students' applications selected for verification.

RIGHTS AND RESPONSIBILITIES OF RECIPIENTS
Fair Evaluation of Financial Need; GCTC employs the Federal Needs Analysis Methodology in assessing financial need and eligibility for Title IV campus based assistance. The federal need analysis methodology is based on a five-point philosophy of financial aid:

- To the extent that they are able, parents have the primary responsibility to pay for their children's education.
- Parents will, as they are able, contribute funds for their son and daughter's education.
- Students, as well as their parents, have a responsibility to help pay for their education.
- The family should be accepted in its present financial condition.
- A needs analysis system must evaluate families in a consistent and equitable manner, while recognizing that special circumstances can and do alter a family's ability to contribute. In assessing financial need, the goal is to treat applicants uniformly and fairly. To this end, we employ the federal need analysis methodology to assess financial need.
CONSUMER INFORMATION HANDBOOK

Briefly, for dependent students, three broad categories of a family’s resources are examined in need analysis. They are Parent’s Income (the Available Income Concept), Parent’s Assets (the Income Supplement Concept) and Student Resources (including summer earnings, veteran's benefits, and other similar benefits.) For independent students, income and assets are examined.

Confidentiality
All information (whether written or oral) that an aid applicant and/or applicant family reveals in the process of seeking assistance is confidential. Access is restricted to financial aid personnel. Application materials become the property of the institution upon submission and are maintained in student files. A student is entitled to examine his/her file within 10 working days after a written request to do so is filed with the financial aid office (See FERPA Plan page 35).

Honesty in Use of Financial Assistance and Reporting of Resources and Changes
Students receiving federal and institutional assistance are required to sign a statement on the Free Application for Federal Student Aid (FAFSA) which certifies that funds awarded will be used solely for expenses connected with attendance at this institution. The applications also specify that the applicant has given accurate (true) information.

CRITERIA FOR FINANCIAL ASSISTANCE PROGRAMS

PELL GRANT PROGRAM

Application Procedures
Students must complete a “Free Application for Federal Student Aid” form. Students are encouraged to apply online at http://www.fafsa.ed.gov. Application forms can also be obtained by calling the Federal Student Aid Information Center at 1-800-4-FED AID. Applicants are directed to read the instructions carefully when completing the FAFSA. All records and other materials used in completing the application should be saved. This information may be needed later to prove the information submitted is correct. Students desiring to participate in the grant program should submit a Green Country Tech admission application to the Financial Aid Office. If they meet eligibility requirements, they will receive notification of the amount of their grant awards and projected payment schedule.

Eligibility Requirements
Students must meet the eligibility requirements. A student will not be entitled to receive Pell Grant payments from more than one institution concurrently. Eligibility is restricted to students who have not earned a Bachelor’s degree.

Criteria for Selecting Recipients from Group of Eligible Applicants
All students who are eligible will be paid.
Criteria for Determining Amount of Student's Aid
Grants amounts are based upon: Tuition cost for major plus Pell Grant living allowances.

- Enrollment status of student (i.e., full or part time).
- Length of major and length of time student is enrolled.
- Payment schedule revised annually by federal government and available for inspection in Financial Aid Office.

Method and Frequency of Disbursement
The Financial Aid Administrator determines if disbursement is an initial (first ever received) Pell disbursement. Students are paid the first time based on their enrollment and good standing if ISIR/SAR is received prior to the end of student’s first pay period. Disbursements thereafter are based on satisfactory progress, and completion of hours in the first payment period. If this is a subsequent (not first ever received) Pell disbursement, student must have maintained satisfactory progress for previous pay period. GCTC has two payment periods per award year, and Pell Grants will typically be disbursed twice a year, dependent upon when the student enrolled in the major, and on whether the majority of the hours in a payment period fall within that award year. A student may receive up to two scheduled federal Pell grant awards during a single award year if the eligible student is enrolled: at least half-time for more than one academic year or more than two semesters, or the equivalent time during a single award year; and is in a day program in which the major leads to a certificate.

NEXT STEP SCHOLARSHIP
Green Country Tech’s Next Step Scholarship waives $200.00 tuition on the last payment for the Practical Nursing major. Scholarship recipients are required to pay fees for that program. The Next Step Scholarship is designed for individuals who have a high school diploma or GED, and have completed the Pre-Nursing major. For all subsequent career programs, the student will be required to pay tuition. The student will still be able to apply for financial aid.

Application Procedures
To receive a Next Step Scholarship, the student must have completed the Pre-Nursing major and provide a copy of their high school diploma or GED.

Eligibility Requirement
The student must have a high school diploma or GED, completed the Pre-Nursing major, and is accepted in the Practical Nursing major.

Criteria for selecting Recipients from Group of Eligible Applicants
All students who meet the eligibility requirements and make application receive scholarships.
WORKFORCE INVESTMENT ACT
Workforce Investment act is a federal program which provides job search support and training to eligible persons. Green Country Tech is on the approved list of training providers in the state of Oklahoma. Contact Jim Beard or Neesha Herring for further information.

VOCATIONAL REHABILITATION
This is a program of assistance for individuals who are physically or mentally disabled. Services include testing, psychological evaluation, medical examination and counseling services. In some cases Vocational Rehabilitation pays tuition, fees, books and supply costs. Contact Jim Beard or Neesha Herring for further information.

BUREAU OF INDIAN AFFAIRS
Assistance is provided to individuals who are at least 1/4 Indian and listed on tribal rolls. Tribes handle assistance through tribal and area offices. Grants may provide tuition, supplies and living expenses. Contact Jim Beard or Neesha Herring for further information.

VETERANS BENEFITS
Any veteran who meets eligibility requirements may attend the VA approved daytime classes. Individuals who wish to attend Green Country Tech and expect to receive monthly educational stipends must present a certificate of eligibility. Both half and full-time benefits are available. Contact Neesha Herring for further information.

VETERAN/VOCATIONAL REHABILITATION BENEFITS
Veterans determined by the Veteran's Administration to possess at least 20 percent service-related disability may be eligible for special benefits under the VA/VCR program. Benefits such as tuition assistance and purchase of required supplies may be available to the qualified veteran. Contact Neesha Herring for further information.

CRITERIA FOR MEASURING SATISFACTORY PROGRESS
Satisfactory progress means a student must be proceeding in a positive manner toward fulfilling certificate requirements in a specific length of time. Students must be in good standing and making satisfactory progress according to the institutional standards before receiving Title IV assistance. Good standing means that the student is capable of enrollment or continued enrollment. Initially this means that the student is admissible to an educational program as demonstrated by high school diploma or GED. Later this means that the student is performing well enough in terms of progress, grades, and the institutional attendance policy to continue enrollment. The institutional attendance policy states that the student may be absent no more than 10% in a pay period. This policy is distributed to students upon enrollment.

The first disbursement of Title IV funds for first time entering students at Green Country Technology Center requires no progress check provided the first disbursement is issued
CONSUMER INFORMATION HANDBOOK

during the pay period of training for a new student. At the end of their first payment period students must be making satisfactory progress according to the standards stated below. Students with previous course work at Green Country Technology Center must have maintained satisfactory progress for that previous course work in order to receive initial or further assistance.

Students may take up to 50% longer than the normal time of their major to complete that major and still be regarded as being in good standing. However, a student will not be eligible for Title IV federal financial aid once he/she has received aid for the number of hours in the major.

Example: A student is enrolled in a 600 hour major. The maximum time a student can attend Green Country Technology Center in that 600 hour major is 900 clock hours. An eligible student would receive Title IV aid for the 600 clock hours, but the student could take an extra 300 clock hours to complete the major if the student was not able to complete it in 600 clock hours (provided that space is available in the class); however, that student will not receive Federal Financial Aid for the addition 300 clock hours. The student would also be charged tuition and fees for the additional hours. In no instance can the student receive aid for more hours than those for which the major is accredited.

There are three components to satisfactory progress: qualitative, quantitative, and attendance.

1) Qualitative: Each student’s cumulative grade will be reviewed at the completion of each payment period using a progress report provided to the Financial Aid Director by the student’s instructor. Students must maintain a cumulative grade of “C” or better for all past course work. If student is not maintaining a “C” or better, the student will be put on financial aid suspension.

2) Quantitative: The maximum time frame for completing a major is no more than 150% of the major in accordance with the student’s enrollment status (i.e. full-time or part-time). The increment for measuring a student’s progress will be each payment period. Each student must be proceeding in a positive manner toward fulfilling certificate requirements in a normal length of time. At GCTC this means the student must have completed a minimum of at least 75% of the scheduled learning objectives for the payment period. If a student is not progressing at a pace which will fall within the 150% time frame, the student is NOT considered to be making satisfactory progress and will be placed on Financial Aid suspension.

3) Attendance: Students must have acceptable attendance for each payment period. Acceptable attendance is defined in the Student Handbook as missing no more than 10 % of any pay period, documented or undocumented. If attendance is over the acceptable absences, the
CONSUMER INFORMATION HANDBOOK

A student will be put on financial aid suspension. Withdrawal from a course does not eliminate the satisfactory academic progress requirements.

Entering students, students with no previous course work at Green Country Technology Center, are provided probationary aid for their first payment period. At the end of their first payment period they must be making satisfactory progress for previous course work in order to receive initial or further assistance.

PROBATIONARY PERIOD AND SUSPENSION

If a student receives an unfavorable progress report that is not in compliance with the SAP requirements as outlined above, the student has failed to maintain satisfactory academic progress. The student will be informed in writing about his/her failure to maintain SAP. The student will then be placed on financial aid suspension and will be suspended from further financial aid until completion of a pay period in which the student has met all SAP requirements. The student is responsible for tuition and fees charged during a period of suspension.

COURSE REPETITIONS

Students wanting to repeat a specific major must have permission of the instructor and administrator to do so. A repeated class is not eligible for federal financial aid.

When a student has exhausted all leave according to the attendance policy (see attendance policy in the Student Handbook) and a leave of absence has not been requested (or one has been requested but denied) on the 10th day of non-attendance the student will be unofficially withdrawn as of the last date
CONSUMER INFORMATION HANDBOOK

attended. The portion of a federal grant that the student is entitled to receive is calculated on a percentage basis by comparing the total number of hours in a payment period to the hours scheduled to complete in the payment period. For example, if the student completes 30% of the payment period, he/she earns 30% of the assistance that he/she was originally scheduled to receive. This means that 70% of the scheduled award remains unearned and must be returned to the Department of Education. Once a student has completed more than 60% of the payment period, he/she has earned all of the grant money for that pay period.

Once the Financial Aid Office determines the amount of Title IV aid, the student will receive a letter stating how much Title IV aid was earned. The letter will also explain if the student has an outstanding balance that is owed to the school for tuition and fees. The student must realize that tuition and fees may be offset from the amount earned by the student.

Upon withdrawal if the amount earned by the student is greater than the amount disbursed, then a post-withdrawal calculation is performed. If the amount earned by the student is less than the amount disbursed, then a Title IV Return of Fund calculation is performed. If the amounts earned and disbursed are equal, no further action is taken. When a return of Pell Grant funds is due, the school and the student both have a responsibility for returning the funds.

A full explanation and example of a refund calculation can be found in the Financial Aid Administrators office or in the Financial Aid Handbook available on line at www.gctcok.edu

CONSUMER INFORMATION HANDBOOK

The instructor will meet with the student either prior to enrollment or at the beginning of his/her major to determine what, if any credit will be applicable to the major at Green Country Tech. For evaluation purposes the instructor will keep in mind the timeliness of the training, the pertinence to the courses in the major, and the changes that may have taken place in business and industry since the training was received.

After a thorough discussion between the student and instructor, the instructor may want to make contact with the previous institution, may issue a performance test, or may determine that credit is applicable with no further investigation. The student will be informed of the instructor’s decision within one week.

If prior, or advanced standing credit, is granted to a student for previous educational or training experiences, such credit will be documented in the student’s file, and the student will not be charged tuition or fees for the advanced standing credit hours.

Advanced standing credit can also be issued to GCTC students who complete one major at GCTC and then enroll in another, or those who may change from one major to another. The decision as to whether or not the credit will be issued will be determined by the instructor after a student/instructor meeting as stated above, and no tuition of fees will be charged to the student for the advanced standing credit granted.
