GREEN COUNTRY TECHNOLOGY CENTER 2015-2016 STUDENT INFORMATION

KNOWING AND ABIDING BY HANDBOOK POLICIES

Each student is responsible for knowing and abiding by these policies and others, which may be prepared and posted throughout the year.

The objective of Green Country Technology Center (GCTC) is to provide quality training in technical education to high school and adult students.

Our purpose demands that we meet changing and growing educational and industrial needs. This commitment means the development of new approaches and designs for learning. The long-range concerns and needs of industry, business and labor, and the consumer, challenge us to design instructional career pathways that will provide competent citizens with an opportunity to learn new skills and upgrade present skills.

GCTC realizes that all skills are transferable when the students have an understanding of the career field for which they are preparing and when they are motivated to become part of that field. GCTC also realizes that job skills not only provide the development of technical expertise, but they also promote student experiences that help to develop the interpersonal skills that contribute to a successful work life.

STUDENT POLICY

Each student should use this handbook as a ready reference to questions that may arise during the school year. Student policies apply to all students enrolled at GCTC.

No Student Handbook can anticipate every situation or question about policies. Therefore, GCTC reserves the right to revise, supplement, or rescind any policies or portions of this handbook as needed.

PHILOSOPHY AND GOALS

Green Country Technology Center exists for the purpose of serving the population in the member school districts of Beggs, Dewar, Henryetta, Morris, Okmulgee, Preston, Schuler, and Wilson with quality career and technical training.

We believe in the cooperative effort of the technology center and higher education toward a total educational effort in serving these main groups: secondary students, post-secondary students, and business and industry.

We believe in the development of the whole person and the organization of a career pathway to fully develop those characteristics.

We believe in developing a partnership between the Technology Center and Business and Industry; this partnership serves a vital role in providing an educational plan that gives the student an opportunity to pursue a life style of his or her own choice within his/her abilities and resources.

It is the desire of the Green Country Technology Center Board of Education to achieve the following:

- To provide an individualized delivery system this will enable students to acquire the skills, knowledge, and attitudes necessary for successful employment.
- To provide the adult community with life long educational opportunities that will prepare them for entry or re-entry into the work force, for occupational change or advancement, or for personal enrichment.
- To provide a partnership atmosphere between Green Country Technology Center and other societal agencies.

APPROVALS/ACCREDITATION

1. Oklahoma State Department of Education, Accreditation Section
2. Oklahoma Department of Career and Technology Education

Majors vary in length of hours; therefore, completion of a major will depend on the student's start date, enrollment status as full or half time, and individual major.

STUDENT ENROLLMENT

Secondary Day Enrollment

Junior and Senior students are admitted on the basis of interest, aptitude, need and performance in past school work.

Secondary students below the eleventh grade may be enrolled if they meet age requirements and have special circumstances. The students must be referred by their high school principal.

Secondary students residing in the Green Country Technology Center District may attend free of charge.

Adult Day Enrollment

Adult students may enroll who satisfy the following requirements:

- Must be at least 16 years of age
- Complete assessment by the Technology Center (testing, interpretation of results, career counseling, and placement in major).

Students who wish to receive financial aid must have a high school diploma or a G.E.D.

Evening Enrollment

Announcements concerning offerings and enrollment dates will be made on a service-area basis and applications will be received and enrollments made. Classes will be filled on a first-come, first-serve basis.

Business & Industry Enrollment

Training for specific businesses can be offered on campus or held on-site at the business location. Enrollment will be coordinated through the individual business (es) by the Technology Center.

Enrollment Priorities

1. Any student (adult or secondary) who attended the previous school year and desires to return and complete the same program (or start a different major).
2. 50% of the remaining slots will be allotted to Secondary Students residing in the District and 50% to Adult Students residing in the District to be filled in the following order:
 - A. Secondary Students desiring first year majors
 - 12th Grade Students
 - 11th Grade Students
 - Other Secondary Students with special needs at discretion of administrator
 - B. Adult Students desiring first year majors
3. Remaining slots will be filled with Secondary and Adult Students residing out-of-district.
4. Slots remaining after the above priority list is utilized will be filled on a first come, first serve basis. Waiting lists will be compiled in the order that the applications are received.

MINIMUM/MAXIMUM ENROLLMENT LEVELS

The Oklahoma Department of Career and Technology Education set the maximum and minimum enrollment of the full-time daily classroom with the approval of the Technology Center Administration.

Minimum and maximum enrollment levels of evening programs will be determined on an individual class basis with consideration given to funding, need, demand, and facilities.

TUITION

Tuition charges for day-time classes are as follows:

SECONDARY IN-DISTRICT	SEMESTER NO TUITION COST		YEAR NO TUITION COST	
SECONDARY OUT-OF-DISTRICT	NO TUITION COST		NO TUITION COST	
ADULT IN-DISTRICT	HALF-TIME (½ DAY) \$2.50/hour	FULL-TIME (ALL-DAY) \$2.50/hour	HALF-TIME (½ DAY) \$2.50/hour	FULL-TIME (ALL-DAY) \$2.50/hour

Payment for a major is expected by the first day of class in that major unless prior arrangements have been made or the student is eligible to receive financial aid to cover costs incurred by the student. Students receiving financial aid who did not meet Satisfactory Academic Progress for the previous payment period will be placed on probation in the current payment period. Students may receive financial aid assistance during their probationary period; however, if they do not meet satisfactory progress requirements during their probationary period, they will be placed on suspension and will not be eligible for financial aid. Students on suspension must pay tuition fees for the remainder of their major by the first day of their suspended pay period. Students who do not make payments in accordance with district policies will be withdrawn from their major.

NEXT STEP SCHOLARSHIP

Green Country Tech's Next Step Scholarship waives \$500.00 tuition on the last payment for the Practical Nursing major. Scholarship recipients are required to pay fees for that program. The Next Step Scholarship is designed for individuals who have a high school diploma or GED, and have completed the Pre-Nursing major. For all subsequent career programs, the student will be required to pay tuition. The student will still be able to apply for financial aid.

INSTITUTIONAL REFUND POLICY FOR ADULT STUDENTS

With written notice of withdrawal:

A full tuition refund will be made if the class is dropped before the first class session. After the first class meeting, and up to 25% of the total class meetings, 50% tuition will be refunded. After 25% of class meetings, no tuition refund will be made.

No refunds will be given for Adult Fees

Return of Title IV/Repayments formulas will be used for students receiving Pell grants

The student can expect a refund to be mailed to him/her within (20) working days if he/she has provided the school with a forwarding address.

An adult student wishing to withdraw from Green Country Tech must provide notice to the school in writing. A signed "Withdrawal Form" should be submitted to the Green Country Tech counselor. The official withdrawal date is the date the student has the withdrawal form signed by the administration, or the last date of attendance.

Should a student believe the individual circumstances warrant exceptions from this published policy the student may appeal in writing to the Director of Full Time Programs. The appeal must be addressed to Green Country Technology Center, Director of Full Time Programs, PO Box 1217, Okmulgee, OK 74447.

PRIOR CREDIT FOR ADULT STUDENTS

Adult students enrolling at Green Country Tech who have previous educational experiences will be asked to provide a transcript indicating both courses taken and grades received at previous institutions. Students with previous military service will also be asked to provide Joint Service Transcripts (JST) and Community College of the Air Force (CCAF).

The instructor will meet with the student either prior to enrollment or at the beginning of his/her major to determine what, if any credit will be applicable to the major at Green

Country Tech. For evaluation purposes the instructor will keep in mind the timeliness of the training, the pertinence to the courses in the major, and the changes that may have taken place in business and industry since the training was received.

After a thorough discussion between the student and instructor, the instructor may want to make contact with the previous institution, may issue a performance test, or may determine that credit is applicable with no further investigation. The student will be informed of the instructor's decision within one week.

If prior, or advanced standing credit is granted to a student for previous educational or training experiences, such credit will be documented in the student's file, and the student will not be charged tuition or fees for the advanced standing credit hours.

Advanced standing credit can also be issued to GCTC students who complete one major at GCTC and then enroll in another, or those who may change from one major to another. The decision as to whether or not the credit will be issued will be determined by the instructor after a student/instructor meeting as stated above, and no tuition or fees will be charged to the student for the advanced standing credit granted.

CHANGE OF MAJOR

Adult students will be permitted to change majors during their first two weeks of class provided that:

- They have been continuously enrolled
- The majors are comparable in length and cost
- The major they are currently enrolled in has some credits that can transfer to the new major
- The majors are fundamentally the same in scope and sequence

Major changes will be considered on the following basis (1) availability of space in another career program and (2) approval of administration and instructor.

Changes in majors must be arranged through the counselor and cannot be made without the approval of the administration and the instructor(s) involved. Students receiving financial aid must notify the Financial Aid Director.

STUDENT SERVICES

Guidance and Counseling

The Green Country Technology Center counselor is available to assist individuals with career and technical aptitudes and interests. The counselor also can assist with personal development, decision making, academic problems, and personal adjustment problems. Students are encouraged to use the counseling services available.

Green Country Technology Center is making a good faith effort to comply with the provisions and responsibilities of the Americans with Disabilities Act of 1990 (ADA). Services are available to students with disabilities, including accommodations in facilities, classrooms, and services. For more information you may contact Mike Carman or Deena Harvey, Compliance Coordinators.

Assessment

All adult students will participate in a testing program which measures interests, abilities, the basic skills areas of math and communication, and work values. These tests will be

administered prior to student enrollment. If the results indicate a student is low in reading or math skills, individual and/or group instruction will be scheduled to assist the student in acquiring the basic skills necessary for his/her chosen career. High school students are required to provide a copy of their ACT PLAN assessment. If they have not taken the PLAN test, then they will be given a career assessment at GCTC at the beginning of their enrollment.

Academic Career Center

The Academic Career Center is designed to help students in technology education by providing assistance in basic and advanced academic skills for their specified career pathway. Services include evaluation, math instruction, reading instruction, computer literacy, and individual study. Students also prepare resumes, portfolios, and reinforce employability skills.

All students have access to the Academic Career Center, and a full-time coordinator provides the curriculum and resources to support the students' career pathway.

FINANCIAL ASSISTANCE

Financial Aid

The primary purpose of Financial Aid at Green Country Technology Center is to provide assistance for financially disadvantaged adult students who, without such aid, would be unable to further their education.

Assistance consists of grants and scholarships.

The family of a student is expected to make a maximum effort to assist the student with educational expenses. Financial assistance from Green Country Technology Center is viewed only as a supplement to the efforts of the family.

The total amount of financial assistance offered to a student by Green Country Technology Center and all other sources shall not exceed the amount of established need.

Eligibility

To receive financial aid the student must:

- *Be a U.S. citizen or an eligible non-citizen
- *Be registered for the draft with Selective Service if you are a male who is at least 18 years old and born after December 31, 1959
- *Not already have a B. S. or B. A. degree
- *Have financial need as determined by the Department of Education
- *Be enrolled as a regular student in an eligible major
- *Be attending at least 15 clock hours per week
- *Be working toward a certificate
- *Have a high school diploma or GED or
- *Pass an independently administered test approved by the U. S. Department of Education
- *Not be in default on any student loan previously received and not owe a refund on any student grant previously received
- *Sign a Statement of Updated Information, Registration Status, Anti-Drug Abuse Act, Certification, Education Purpose/Statement of Refunds and Defaults

- *Not be entitled to receive Federal PELL Grant payments from more than one institution concurrently
- *Have a valid Social Security number
- *Make satisfactory progress.

Eligibility for most financial aid is based on need, not on family income alone. Need is the difference between the cost to attend a particular school (direct educational expenses), and what your family can afford to contribute toward meeting those expenses. Family contribution equals parental contribution (for dependent students) plus the student's own savings and other resources.

Records

If a student qualifies for federal or state aid, he or she must be prepared to provide the following information to the financial aid office for verification:

- *Form 1020, 1040, 1040EZ, or 1040A (income tax form) for the year proceeding the current school year. Every student who applies for a Pell Grant must agree to provide a signed copy of the applicable return. Independent students must provide the form for themselves and their spouse. Dependent students must provide their form and their parent's form.
- *Payment is by check from Green Country Technology Center. GCTC has two payment periods per award year, and Pell Grants will typically be disbursed twice a year, dependent upon when the student enrolled in the major, and on whether the majority of the hours in a payment period fall within that award year.

NOTE: Failure to provide the necessary documents will necessitate the withholding of payment.

ATTENDANCE

Students attending Green Country Technology Center (GCTC) must attend a minimum of ninety percent (90%) of the class sessions each semester for successful program completion. Students who do not maintain this minimum requirement for any reason other than school activities or extenuating circumstances (such as doctor's statement, hospitalization, or death in the family) will be dismissed and/or denied a passing grade in the program. Absences due to approved school activities, extended illness, or for other reasons deemed unavoidable by the GCTC Administrator will not be charged against the minimum attendance requirement.

Students are expected to attend school every day. Regular attendance is essential for good evaluations and success in schoolwork as well as for future employment opportunities. Attendance will represent a part of the student's final grade.

Secondary Students: Attendance reports for secondary students will be phoned daily to the home school.

In compliance with the "Oklahoma Truancy Law" if a student is absent without a valid excuse four (4) or more days or parts of days within a four-week period or is absent without valid excuse for ten (10) or more days or parts of days within a semester, the attendance office shall notify the parent, guardian or custodian of the student and immediately report such absences to the district attorney in Okmulgee County wherein the school is located for juvenile proceedings pursuant to Title 10 of the Oklahoma Statutes.

Adult Students: It is the responsibility of each adult student to comply with the attendance requirement and to be accountable for reasons of absences. All adult students' absences should be verified to ensure that acceptable attendance standards are being maintained.

DOCUMENTATION OF ABSENCES

Student absences and tardies are recorded daily by instructors and reported to the GCTC Attendance Officer. Three tardies will count as an absence. Excessive tardies will be recorded as absences and reported to parents of secondary students.

An absence will be recorded if the student is not physically present in the class regardless of the reason given. Exceptions would include a secondary student participating in an approved school activity, or an adult student participating in an activity relating to the career tech instructional program with prior approval from the instructor. Exceptions will be recorded as such. It is the students' responsibility to provide appropriate documentation.

The GCTC Attendance Officer and/or Administrator will examine reasons given for absences according to verification and documentation. If it is determined that reasons given for absences are unacceptable, then consequences could include grade penalty, parent involvement, suspension or expulsion, disciplinary action, or reporting absence to the District Attorney's Office.

CHECKING IN/OUT OF THE ADMINISTRATIVE OFFICE

Students who arrive late to the campus should report to the Administrative Office for an "Admit Slip".

Students who need to leave the campus prior to the regularly scheduled ending time are required to receive permission and then check out in the office prior to leaving.

TARDY POLICY

Students who are tardy to class must obtain an admit slip from the office. Three tardies will be considered excessive and constitute an absence. Unacceptable reasons for tardies could result in disciplinary action for the student.

Excessive tardies will result in one or more of the following actions:

1. Conference with student
2. Notification to parents (if secondary student)
3. Parent Conference
4. Possible suspension from school

ATTENDANCE COMMITTEE

An attendance committee will consider appeals from students concerning deviations from the stated attendance policy. The attendance committee will be chosen from the following GCTC Staff:

- Instructor
- Counselor
- Director of Full Time Programs
- Financial Aid Officer

If an appeal is required, it is the student's responsibility to contact the counselor to file an appeal. Appeal forms are located in the counselor's office. The attendance committee will determine if the absences were caused from extenuating circumstances based upon documentation presented by the student.

ATTENDANCE FOR STUDENTS ON FINANCIAL AID

Attendance Requirements for Financial Aid Students

Adult students on financial aid are required to attend 90% of the hours in each pay period. Acceptable attendance is defined as missing no more than 10% of any pay period, documented or undocumented. The 10% of class time missed during a pay period may be considered excused and the student's pay period will not be moved forward for absences that fall within the 10%. Failure to attend the 90% will result in the student being placed on suspension.

Attendance is recorded in three-hour increments, i.e. a student attending six hours per day is counted absent twice when the whole day is missed. Adult students attending under funding by federal aid or other outside agencies, or who are in a program or major leading to a licensure are responsible for maintaining their attendance as required by these agencies/departments.

LEAVE OF ABSENCE POLICY FOR STUDENTS ON FINANCIAL AID

A student may request **one** leave of absence up to 60 days in length for medical and/or emergency situations that will affect a student's attendance for an extended period of time. Days should be consecutive unless otherwise approved by the Attendance Committee. The request must be in writing to the counselor or assistant superintendent, and must include the reason for the request and the number of days requested. The financial aid period will be extended the number of days equal to the number of days of the leave of absence; therefore, no additional tuition or fees will be charged to the student. Additional subsequent leaves (not to exceed 30 days) may be granted for unforeseen circumstances. If a student does not return from the approved leave of absence, then the last date of attendance will be used as the withdrawal date. The GCTC Leave of Absence policy can be found in its entirety in the Student Consumer Information Guide.

Requirements for continuing enrollment

A student is expected to make progress toward satisfactory completion of his major in order to be eligible to continue.

A student who fails to attend class regularly or otherwise demonstrates a lack of appropriate concern for satisfactory progress and conduct will be dropped from the school and may apply for reinstatement at the beginning of a new semester.

Since certification is based on hours in the course, we will use hours (as one criteria) to determine unsatisfactory performance within the course. This will mean that unsatisfactory notices may be mailed at any time during the course. If a student is operating below the expected minimums during the first four weeks, the counselor and office will be notified; a meeting with the student will be held; an unsatisfactory notice will be sent to the parents. Students will be expected to maintain a 60% grade or better. The student will be put on probation until the nine-week period is complete. If at that time the student is still doing below standard performance with the understanding that if an acceptable standard is not met by the semester, the student will not be enrolled for the following semester at GCTC. The same criteria will be applied for continued enrollment in the second year of the program.

Students who are on financial aid programs will first be placed on probation if satisfactory progress is not maintained due to poor grades or lack of attendance; if satisfactory progress is not maintained during the probationary period, the student will be placed on suspension and will lose aid.

**Acceptable Attendance Requirements:
(Post Secondary)**

Satisfactory progress for a student receiving any financial aid will be:

- A. Cumulative
 - * Attendance of 90% of the payment period
 - * Maintain: C average
 - * Complete 90% of the curriculum for each pay periodIf satisfactory progress is not maintained:
 - Adult students receiving financial aid will be placed on suspension and will lose funding.
 - If requirements are not met Veterans will experience an interruption from training from VA and will lose funding until reinstated by VA.

MOMENT OF SILENCE

Green Country Technology Center observes approximately one minute of silence each day for the purpose of allowing each student, in the exercise of his or her individual choice, to reflect, meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede other students in the exercise of their individual choices.

CONSTITUTION DAY

Constitution Day will be recognized at the September Go Green Assembly with a presentation by the winners of the essay contest. The essay contest will have students writing a one paragraph essay about what the constitution means to them. Two winners will be chosen by committee. The winners will read their essay during the Go Green Assembly and receive a GCTC T-Shirt.

REPORT OF STUDENT PROGRESS

At each grading period adult students and parents and/or guardians of secondary student's and home school officials will be notified if the student is not doing acceptable work.

Secondary student's progress will be checked quarterly and a report sent to the principal of each high school. Students must be passing each quarter to remain eligible for extracurricular activities.

Report cards will be issued each nine weeks for secondary students; adult students will receive report cards according to their major and enrollment status. Grade sheets of secondary students will be sent to the home school for recording on permanent records.

For students on financial aid, satisfactory progress is monitored upon completion of each pay period using progress reports obtained from the student's instructor. For example, a full time student enrolled in a 1050 hour major will have a progress report upon completion of the first 525 hours. The second progress report will be made upon completion of the last 525 hours in the major. When an interval spans a period of non-enrollment, progress will be assessed at the point where attendance recommences.

Minimum acceptable grade for students on financial aid will be: C.

EDUCATIONAL RECORDS

Each student will have a permanent file that will contain appropriate educational records such as grades, attendance, and competency skills. Students and/or parents have the right to inspect these education records. The Family Educational Rights and Privacy Act will be used as a guideline to govern the handling of such information.

Grades are issued on the basis of:

- 90 - 100 = A
- 80 - 89 = B
- 70 - 79 = C
- 60 - 69 = D
- Below 60 = F

Students who withdraw will be given a letter grade for the coursework completed at the time of withdrawal.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Green Country Technology Center maintains an educational record for each student who is or has been enrolled at the Technology Center. In accordance with the Family Education Rights and Privacy Act of 1974, as amended, (hereinafter "Act") the following student rights are covered by the Act and afforded to all eligible students at Green Country Technology Center.

- 1) The right to inspect and review information contained in the student's educational records.
- 2) The right to request amendment of the contents of the student's educational records if believed to be inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
- 3) The right to prevent disclosure without consent, with exceptions of personally identifiable information from the student's educational records.
- 4) The right to secure a copy of the Technology Center's policy and administrative regulations.
- 5) The right to file complaints with the U.S. Department of Education concerning alleged failures by Green Country Technology Center to comply with the provisions of the Act.

Each of these rights, with any limitations or exceptions, is explained in the Technology Center's Administrative Regulations Handbook, a copy of which may be obtained in the Office of the Director of Full Time Programs.

All records for a student under 18 years of age shall be open to the student's parent/guardian. The school shall provide whatever assistance necessary to enable the student and parent/guardian to understand the material in the record.

Every student 18 or older has access to his/her cumulative records upon completion of the request form (available in the front office).

Green Country Technology Center may provide directory information in accordance with the provisions of the Act without the written consent of an eligible student unless it is requested in writing that such information not be disclosed (see below). The items listed below are designated as Directory Information and may be released as to any student for any purpose at the discretion of Green Country Technology Center unless a written request for nondisclosure is on file:

- Category I: Name, address, telephone number, dates of attendance, class, electronic mail address, and photograph.
- Category II: Previous institution(s) attended, major field of study, awards, honors, degree(s) conferred.

Any questions concerning the student's rights and responsibilities under the Family Educational Rights and Privacy Act should be referred to the Office of the Director of Full Time Programs. Copies of the complete Family Educational Rights and Privacy Act (found in the Administrative Regulations Handbook) are available upon request.

CERTIFICATE OF COMPLETION

The Technology Center will issue a certificate to each student who meets all requirements and successfully completes the major. Students will not be allowed to receive financial aid for any major above the hours that have been approved by the U. S. Dept. of Education for that major.

COLLEGE ALLIANCE AGREEMENT

GCTC has an alliance agreement with Oklahoma State Institute of Technology. The alliance agreement states that upon successful completion of a certified major the student may obtain credits toward an associate's degree. To find out which majors, colleges, and how to apply, contact your instructor or GCTC's counselor.

TRANSPORTATION

High school students are encouraged to use the transportation provided by Green Country Technology Center.

Student Vehicles: Students may drive their own cars to school at their own risk of personal or property damage and in the case of high school students only if the home school permits. VISITORS

Visitors to GCTC are welcome at any time. All visitors (including parents/legal guardians) must check in at the Central Office immediately upon entering the building and sign the visitors' sign-in log. Students are not allowed to bring their children to school unless they have permission from School Administration.

INTRUDER POLICY

An intruder is an individual in the school building who has not followed established visitor procedures and may or may not be a safety hazard to the school. Any student or school personnel who observe an individual in the building who appears suspicious or out-of-place should immediately contact the main office for assistance.

DRESS CODE

The administrative and instructional staff at Green Country Technology Center, in addition to teaching a marketable skill, contends that the school should help students realize that employers and society in general demand certain personal characteristics in an individual, such as neatness and cleanliness. With that objective in mind, it is a requirement that all students enrolled in the regular day classes be clean and neatly groomed at all times. They must be appropriately dressed in relation to the occupation for which they are preparing as defined by the instructor in each department and approved by the administration of the school. Students are required to wear clothing and safety devices compatible to the nature of the training. Students that represent the school on field trips will dress appropriately for the field trip.

"DRUG-FREE SCHOOL AND WORKPLACE" PROGRAM

Realizing that student safety is of great concern, Green Country Technology Center has implemented a program to prevent the unlawful possession, use, distribution, or being under the influence of illicit drugs and alcohol by students and employees on school property or as part of any school activity.

The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful to a student's health. The health risks associated with drug and alcohol use include but are not limited to:

- * Slowed physical reflexes
- * Decreased mental powers
- * Impaired judgment
- * Emotional problems
- * Spread of disease (AIDS) by drug paraphernalia.

The "Code of Conduct" for students attending Green Country Technology Center explicitly prohibits the unlawful possession, use, being under the influence, or distribution of drugs or alcohol on school property or as part of any school activity.

Any student who violates this "Code of Conduct" will be subject to disciplinary action which may include suspension, expulsion and referral to law enforcement agencies for prosecution.

Each student is hereby notified that as a condition of enrollment, the student must agree, in writing, to abide by the terms of this policy. Green Country Technology Center hereby commits itself to a continuing good faith effort to maintain a drug-free school.

Parents of secondary students will have access to a copy of the "Drug-Free School and Workplace" Handbook and be notified that compliance by the students is mandatory.

SEXUAL HARASSMENT

Students attending classes at Green Country Technology Center as well as employees at Green Country Technology Center should be free from sexual harassment and/or a hostile sexual environment.

Under Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations, no individual may be discriminated against on the basis of sex in any education program or activity receiving Federal financial assistance. Sexual harassment of students is a form of prohibited sex/gender discrimination. The following types of conduct constitute sexual harassment:

Quid Pro Quo harassment – A school employee explicitly or implicitly conditions a student's participation in an education program or activity or bases an educational decision on the student's submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal or physical conduct of a sexual nature. Quid pro quo harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.

Hostile Environmental Sexual Harassment – Sexually harassing conduct (which can include unwelcome sexual advances, request for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another student, or by a third party that is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an education program or activity, or to create a hostile or abusive educational environment.

Students or employees should report incidents of possible harassment to the Title IX/504 Compliance Coordinators.

THE SCHOOL BULLYING PREVENTION ACT (70 OKLA. STAT. § 24-100.2)

The Oklahoma Legislature established the *School Bullying Prevention Act* with the express purpose of prohibiting peer student harassment, intimidation, and bullying. These terms include, but are not limited to any gesture, written or verbal expression, or physical act that a reasonable person should recognize will: (1) harm another student; (2) damage another student's property; (3) place another student in reasonable fear of harm of the student's person or damage to the student's property; or (4) insult or demean any student or group of students in such a way as to disrupt or interfere with the School District's educational mission of the student or other students.

Bullying is an individual or group aggressive physical, emotional, verbal or sexual behavior whose intentions are to do harm to others. Bullying can include and is not limited to, name calling, verbal slurs, pushing, hitting, pinching, gesturing, threatening, disrespecting and taking items without permission. GCTC will not tolerate bullying behavior. This conduct shall be subject to the same disciplinary consequences as other misconduct.

Victims of alleged bullying incidents are encouraged to report the situation to their instructor, counselor or school administrator. Confidentiality will be maintained, within legal limits, and no reprisals or retaliation will be allowed to occur as a result of good faith reporting of bullying.

CODE OF CONDUCT

Personal development and individual growth are very important parts of your experience at the Technology Center. We hope that pride in yourself and your school will be apparent to your fellow students and instructors. All students are expected to conduct themselves in an appropriate manner at all times.

Misconduct at the Technology Center can lead to suspension. The home school will be notified of any disciplinary condition that exists at the Technology Center. The student's grades will be penalized while he/she is under suspension.

DISCIPLINE POLICY

All student behavior should be conducive to a good learning atmosphere.

Students are expected to conduct themselves in a professional manner at all times and treat other students and school staff with respect.

IMPLIED AUTHORITY

A school district...may exercise those powers necessarily implied, but not delegated by law to any other agency or official (70 O.S. § 5-117; S.L.O. § 68). The teacher or administrator shall have the same right as a parent or guardian to control and discipline a student while the student is in attendance in school or in school vehicles to or from the school or while attending or participating in any school function authorized by the school district.

The goal of this disciplinary policy is to correct any misconduct by student(s) and to promote adherence to the regulations of the school district. In all cases of misconduct the student must take full responsibility for his/her actions. Each case will be handled in a fair and judicious manner. Due process is an inherent right of each person. Improper behavior will result in disciplinary action which may include the following:

- Instructor / Student / Parent Conference
- Suspension
- Behavior Contract
- Isolation from Class
- Financial Restitution
- Referral to Social Agencies
- Involvement of Law Enforcement
- Any other disciplinary action deemed appropriate under the circumstances.

The alternatives for discipline may include the items listed above, but will not be limited to that list. Also this list does not reflect a sequence as to how disciplinary actions will take place.

STUDENT SUSPENSION

In compliance with Oklahoma School Law, House Bill 2130 effective July 1, 1997, mandates the following for secondary students.

Certain acts committed by students may result in an out-of-school suspension:

- a. violation of a school regulation
- b. immorality
- c. assault
- d. possession of an intoxicating beverage, low-point beer, possession of stolen or missing property if the property is reasonably suspected to have been taken from a student, school employee, or the school district
- e. possession of a dangerous weapon or controlled substance

The maximum length of time for out-of-school suspension for these offenses is the current and succeeding semester; however the law provides that any student in possession of a firearm while on public school property or while in any school bus or school vehicle shall be suspended out of school for a period of not less than one year.

For students who are suspended out of school, an education plan will be considered to provide for eventual reintegration into school. The parent or guardian of the suspended secondary student is responsible for the provision of a supervised, structured environment for the student and is also responsible for monitoring the student's educational plan of study. All students under suspension are excluded from participation in student organization activities.

A student, who has been suspended for a violent offense which is directed towards an instructor, shall not be allowed to return to that class without the approval of that instructor.

Students suspended from another school for a violent act or an act showing deliberate or reckless disregard for the health or safety of faculty or other students, will not be entitled to enroll in an Oklahoma School until the terms of the suspension have been met.

Students who are on an Individual Education Plan may also receive an out-of-school suspension. An IEP Meeting will be held to develop/review/revise a functional behavioral assessment plan and conduct a manifestation determination; the student's placement in the technology class/major will be evaluated to determine if it is appropriate.

EMERGENCY SUSPENSION

The Director of Full Time Programs may suspend a student on an emergency basis, without a hearing, if they have reasonable cause to believe that:

1. The physical safety of the student or of others is endangered; or
2. where the school is in the midst of violent upheaval; or
3. the student is causing substantial interference with the operation of the school.

An emergency suspension shall terminate when it is reasonably determined that the student's presence in the school will not result in a situation warranting emergency suspension under the Student Code (not to exceed three days) unless the administrator commences the notice and hearing procedure provided in the Student Code for expulsion or an informal hearing is held for temporary suspension.

The Director of Full Time Programs shall make a reasonable effort to contact the parent/guardian of a secondary student by telephone, stating the acts(s) for which the suspension was ordered. The parent/guardian should be invited to discuss the reasons for the suspension. If the parent/guardian cannot be contacted by telephone, a written notice will be mailed.

“Any pupil who is guilty of immorality or violation of the regulations of a public school may be suspended. This suspension shall not extend beyond the current school semester and the succeeding semester; provided, the pupil suspended shall have the right to appeal from the decision of the superintendent to the board of education of the district, which shall, upon a full investigation of the matter, determine the guilt or innocence of the pupil; and its decision shall be final.” School Laws of Oklahoma, 70-24-101.

APPEAL OF SUSPENSION

Any student who is suspended shall have the right to appeal the administration’s decision. In all cases, an investigation will be conducted to determine the guilt or innocence of the student and the reasonableness of the suspension. The student shall have the right at the hearing with the Superintendent to hear the evidence against the student, to present relevant evidence and to be represented by counsel. If no notice is given within the prescribed time, the decision of the administrator is final.

This information on Student Suspensions and Appeals is presented as a summary and is intended to serve as guidelines for students to follow. Adult students are expected to follow the same guidelines in addition to complying with all requirements of participating in Federal Financial Assistance.

SEARCH AND DETENTION

An Administrator shall have the authority to detain and authorize the search for dangerous weapons or controlled dangerous substances of any student or students on any school premises or while in transit under the authority of the school or at any function sponsored or authorized by the school. A search shall be conducted by a person of the same sex as the person being searched.

The Administrator authorizing the search shall have authority to detain the student or students to be searched and to preserve any dangerous weapons or controlled dangerous substances that might be in their possession, including the authority to authorize any other persons he/she deems necessary to restrain such pupils or to preserve any dangerous weapons or controlled dangerous substances.

Students shall not have any reasonable expectation of privacy toward School Administrators or Teachers in the contents of a school locker, a student vehicle while parked on school property, desk, or other school property. School personnel shall have access to this school's property to properly supervise the welfare of students.

CODE OF CONDUCT FOR INTERNET / ACCEPTABLE USE

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Green Country Technology Center has taken precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information. We firmly believe that the valuable information and interaction available on the world-wide web network far outweighs the possibility that users may procure material that is not consistent with the educational goals of Green Country Technology Center.

Internet access is coordinated through a complex association of government agencies and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical, and legal utilization of the network resources.

If a Green Country Technology Center user violates any of the provisions, his or her access will be terminated and future access could possibly be denied. The signature(s) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

TERMS AND CONDITIONS

Acceptable Use-the purpose of the NSFNET (National Science Foundation Network), the backbone to the Internet, is to support research and education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. Use of other organizations network or computing resources must comply with the rules appropriate for that network. This includes, but is not limited to, the following: copyrighted material, threatening or obscene material, or material protected by trade secret. Use for product advertisement or political lobbying is also prohibited.

Privileges- The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each student who receives access will be part of a discussion with a faculty member pertaining to the proper use of the network. The system administrator will deem what is inappropriate use and his/her decision is final. Also, the system administrator may close access at any time as may be required. The administrator, faculty, and staff of Green Country Technology Center may request the system administrator to deny, revoke, or suspend specific users' privileges.

8. Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do not have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
9. Do not use the network in such a way that you would disrupt the use of the network by other users.

Green Country Technology Center will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via Green Country Technology Center is at your own risk. Green Country Technology Center specifically denies any responsibility for the accuracy or quality of information obtained through its service.

Security-Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify the system administrator. Do not demonstrate the problem to other users. Do not use another user's account without written permission from that individual. Attempts to login to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

Vandalism-will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading, downloading, or creation of computer viruses.

Exception of Terms and Conditions-All terms and conditions as stated in the document are applicable to Green Country Technology Center, in addition to the NSFNET. These terms and conditions reflect the entire agreement of the parties and supersede all prior oral or written agreements and understandings of the parties. These terms and conditions shall be governed and interpreted in accordance with the laws of the State of Oklahoma, and the United States of America.

As a student of GCTC, I understand and will abide by the above Terms and Conditions for the use of the Internet. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action.

As a parent or guardian of this student, I have read the Terms and Conditions for Internet access. I understand that this access is designed for educational purposes and Green Country Technology Center has taken available precautions to eliminate controversial material. However, I also recognize it is impossible for Green Country Technology Center to restrict access to all controversial materials and I will not hold them responsible for materials acquired on the network. Further, I accept full responsibility for supervision if and when my child's use of the network is not in a school setting. I hereby give Green Country Technology Center permission to issue Internet access to my child.
